## 4U rack mount fiber cabinet for patching applications
## OR-FC04U-P

### OVERVIEW

4U rack mount fiber cabinet for patching applications

### FEATURES

19" (483 mm) deep cabinet chassis
Large cable entry port in rear of cabinet
Fiber tray slides forward
Fiber tray slides rearward
Optimized hook/loop lances embedded in fiber tray
Comes with patented snap-in fiber management clips
Large patch cord exit ports at front of cabinet
Adapter panel face positioned to optimize patch cord management

### BENEFITS

Provides more room for internal fiber management and is optimized for use with Mighty Mo 6 10.5" deep rack system
Unrestricted access for backbone cable entry, excellent for use with pre-terminated cables
Provides superior access for termination of optical fibers, internal fiber routing and patch cord management
Unique feature that provides additional access to improve backbone cable management and internal fiber routing
Lances positioned for optimal internal fiber management
Clips ensure fiber bend radius compliance and snap into strategically positioned receptacles for a secure installation and optimum fiber protection
Provide maximum clearance/space for management of fiber patch cords in high density installations
Positioning designed for best possible patch cord exit when installed in Mighty Mo 6 rack system
