

# 1U 4 Ring Cable Management Bar

## Key Features

- 4 ring design
- All alloy construction

**Category: Voice Cabling**

**Part No: TRI-000172**

This is a 19" all alloy 1U cable management bar, with a 4-ring design and black powder coat finish.

It is a low cost cable management solution for all regular 19" wall, floor, server or broadcast enclosures. Manufactured completely from alloy and powder-coated in black.

Perfect for both copper and fibre networking installations that require direct unblocked access to network ports, with the generous but contained slotted ring design being ideal for almost any network application.
